SUDHEER KUMAR POOLA

Entry-level Python Full-StackDeveloper with a B.Sc.inComputer Science, skilled in **Python, Flask, PostgreSQL, JavaScript,and REST APIs**, with hands-on experience in web application development. Seeking to contribute to a software development team by building efficient, scalable applications and leveraging **AI integration and workflow automation**.

Work Experience

PythonDeveloperIntern | HudiEnterprise *JULY 2024 – JAN 2025*

- Collaborated with senior developers to **design, develop, and test Python applications**, following coding standards and best software development practices.
- Automated **data processing workflows using Python**, improving operational efficiency by **60%** and reducing repetitive manual tasks.
- Developed and maintained application features while participating in **debugging, testing, and code improvement** activities.
- Used **Git for version control** and followed collaborative development and code management practices.

Projects

Inventory Management System — MITRAz *2026 MAR - 2026 JUN*

Python | PostgreSQL | REST APIs | RBAC

- Built a full-stack, role-based inventory system managing **100 + products** with asynchronous REST APIs and real-time updates.
- Implemented **RBAC, dashboards, and low-stock alerts**, reducing processing time by approximately 30%.

Healthcare Data Analysis & Patient Outcome Prediction — MITRAz

Python | Data Analysis | Machine Learning *2026 FEB - 2026 MAR*

- Analyzed healthcare data across **21 problems and 6 domains** to identify factors affecting mortality, cost, and readmissions.
- Built predictive models and identified **length of stay** as a key driver of cost and readmissions, supporting high-risk patient segmentation.

GUI-Based Snake Game — Hudi Enterprise *2024 DEC - 2025 JAN*

Python | Tkinter | GUI Development

- Developed a **GUI-based Snake Game** with real-time gameplay , collision detection, and smooth **~60 FPS** performance.
- Implemented **dynamic difficulty scaling, persistent high scores, and instant reset functionality.**

Interests

- Exploring new AI Tools, Video editing, Canva Design, System Networking, PC and mobile troubleshooting.

Education

- Bachelor of Computer Science
  Government College (Autonomous), Anantapur.
  Sep 2021 – Mar 2024 Aggregate: 68%
- Intermediate (MPC – Mathematics, Physics, Chemistry)
  A.P.S.W.R.S. J/C B.Pappuru, Anantapur.
  Jun 2019 – Mar 2021 Aggregate: 79%

Technical Skills

- **Programming:** Python, Object-Oriented Programming (OOP)
- **Web Technologies:** HTML, CSS, Bootstrap, JavaScript
- **Backend & APIs:** Flask, REST APIs
- **Database:** PostgreSQL
- **Data Analysis & Visualization:** NumPy, Pandas, Matplotlib
- **GUI Development:** Tkinter, Turtle
- **AI & Productivity Tools:** AI Integration, Microsoft Office Suite

Certifications

- Python Full Stack Developer Training, MITRAz (2025 - 2026).
- Python Full Stack Developer Training, Hudi Enterprise(2025).
- Python Developer Training, App Genesis Sdoft Solutions Pvt Ltd (2023).

Declaration

- Iherebydeclare that the information provided in this resume is true and correct to the best of my knowledge and belief.
